§15-409. Residential Permit Parking.

1. *Findings and Purpose.* The Township finds that:

A. Certain residential areas in the Township are subjected to commuter vehicle parking, therefore depriving the residents of those areas of spaces in which to park their own vehicles.

B. Those residential streets are also subjected to a high degree of commuter traffic which substantially reduces the quality of the ambient air level.

C. The establishment of a parking permit program for certain affected areas should facilitate efficient movement of traffic by providing for parking preference during certain hours of the day and days of the week. Therefore, the Township considers it to be in the interest of the people of the Township to provide for the establishment of a residential permit parking program to insure primary access to available parking spaces by neighborhood residents and also to provide a cleaner ambient air level.

2. *Definitions.* for the purpose of this Section, words and terms listed in this subsection, as follows, shall have the following meanings:

Commuter Vehicle—a motor vehicle parked in a residential area by a person not a resident of that residential area.

Proprietor—a person who owns or leases real estate within a residential area of which he is not a resident, but who owns or manages a business enterprise or professional office maintained at that address. for the purpose of this Section, a proprietor shall be entitled to one parking permit for that business or professional office address.

Resident—a person who owns or leases real property within a residential area and who maintains either a voting residence or bona fide occupancy, or both, at that address.

Residential Area—a contiguous area containing public highways or parts of public highways primarily abutted by residential property or residential and nonbusiness property (such as schools, parks, places of worship, hospitals and nursing homes).

3. *Criteria.* The residential areas designated in subsection .4 of this Section are those deemed impacted and hence eligible for residential parking on the basis of the following criteria:

A. During any period between the hours of 7 a.m. and 6:30 p.m., Monday through Saturday, except legal holidays, the number of vehicles parked (or

standing), legally or illegally, on the streets in the area is equal to 70 percent or more of the legal, on-street parking capacity of the area. for the purpose of this criterion, a legal parking space shall be 20 linear feet.

B. During the same period as specified in paragraph .A, 10 percent or more of the vehicles parked (or standing) on the streets in the area are not registered in the name of a person residing in the area. for the purpose of this criterion, the latest available information from the Pennsylvania Department of Transportation regarding registration of motor vehicles shall be used.

Provided: in determining that a specific area identified as impacted and eligible for residential permit parking is designated as a residential permit parking area, the following factors are taken into consideration:

- (1) The local and metropolitan needs with respect to clean air and environment.
- (2) The possibility of a reduction in total vehicle miles driven in the Township.
- (3) The likelihood of alleviating traffic congestion, illegal parking and related health and safety hazards.
- (4) The proximity of public transportation to the residential area.
- (5) The desire and need of the residents for residential permit parking and their willingness to bear the administrative costs in connection with it.
- (6) The need for parking in excess of the residential permit parking program in proximity to establishments located in the residential permit parking area and used by the general public for religious, health or educational purposes.

4. *Designation of Residential Permit Parking Areas.* The following are designated as residential permit parking areas:

Area	Bounded By and Including
	[Reserved]

Signs shall be erected along the streets in each residential permit parking area, indicating the days, hours, locations and conditions under which parking shall be by permit only.

5. *Application for Permit.* Application for a residential parking permit shall be made to the Chief of Police by the person desiring the permit, who shall be only the owner or the driver of a motor vehicle who resides on or is a proprietor of property immediately adjacent to a street or other location within a residential parking permit area. A separate application shall be required for each motor vehicle, and each application shall be accompanied by a permit fee, in an amount as established by resolution of the Township, which shall be for the use of the Township, to be applied to the cost of administering the residential permit parking program. Each application shall contain the following information: the name of the owner or the driver, as the case may be, of the motor vehicle; the address of the resident or the proprietor, as the case may be; the make, model and registration number of the motor vehicle; and the driver number as taken from the applicant's current driver's license. At the discretion of the Chief of Police, the applicant shall be required, at the time of making application, to

present his driver's license and the vehicle registration card.

6. *Issuance of Permit.* Upon receipt of the application and the permit fee, and determination by him that the information upon the application shows that the applicant is entitled to a residential parking permit, the Chief of Police shall issue to the applicant a residential parking permit, which shall be valid for the remainder of the calendar year. The permit shall display the serial and registration numbers of the motor vehicles, the residential parking area number and the expiration date. The permit shall be renewable annually before the expiration date, upon making application for renewal and payment of the permit fee. It shall be unlawful and a violation of this Section for any person to display other than the current and valid permit while standing or parking in a residential permit parking area at any time when those permits are to be displayed.

7. *Temporary and Exemption Parking Permits.* Temporary parking permits may be issued by the Chief of Police, upon payment of a fee in an amount as established by resolution of the Board of Supervisors, to bona fide visitors of residents of a designated residential permit parking area, and exemption parking permits may be issued, without payment of a fee, to handicapped persons.

8. *Responsibility of Permit Holder.*

A. Notwithstanding any provision of this Section to the contrary, the holder of a residential parking permit shall be permitted to stand or park a motor vehicle operated by him in any designated residential parking area during those times when parking of motor vehicles is permitted in that area. While a vehicle for which a residential parking permit has been issued is so parked, that permit shall be displayed so as to be clearly visible through the windshield of the vehicle. A residential parking permit shall not guarantee or reserve to the holder a parking space within a designated residential permit parking area.

B. A residential parking permit shall not authorize its holder to stand or park a motor vehicle in any place where or at any time when stopping, standing or parking of motor vehicles is prohibited or set aside for other specified types of vehicles, nor shall the permit exempt its holder from the observance of any traffic or parking regulation other than residential permit parking regulation or restriction.

C. No person other than the permit holder whose name appears on the permit shall use a residential parking permit or display it on a vehicle operated; any such use or display by a person other than the permit holder shall constitute a violation of this Section by the permit holder and by the person who so used or displayed the parking permit.

D. It shall constitute a violation of this Section for any person falsely to represent himself as eligible for a residential parking permit or to furnish false information in an application to the Chief of Police in order to obtain a residential parking permit.

9. *Revocation of Permits.* The Chief of Police shall have authority to revoke the residential parking permit of any permit holder found to be in violation of any provision of this Section. Upon written notification to the present holder of the revocation, the permit holder shall surrender the permit to the Chief of Police. Failure to do so, when so requested, shall constitute a violation of this Section. Provided, any person receiving

such a notice may, within 10 days after the date of the notice, appeal to the Township for a hearing on the revocation, and the decision of the Township shall be final.

The notice shall contain instructions to the owner or driver of the vehicle that if he will report to the office of the Chief of Police and pay the sum of \$10 within 72 hours after the time of the notice, or if he will place the sum of \$15 enclosed within the envelope provided in any of the special parking fine boxes installed at various locations within the Township, that act will save the violator from prosecution and from payment of the fine and costs prescribed in the first sentence of this Section.
